A Passion for This Earth: Writers, Scientists, and Activists Explore Our Relationship with Nature and the Environment (David Suzuki Foundation Series)

David Suzuki's lifelong work as an environmentalist, naturalist, and scientist have influenced countless others in their fight to save the planet, 20 such devotees of them have contributed to this inspiring collection. These journalists, scientists, writers and environmentalists have taken their enthusiasm for Suzuki's philosophy and funneled it into their own personal recollections, manifestos, and essays: Rick Bass describes his love for the Yaak Valley in Montana; Richard Mabey takes readers to a moonlit May evening in Suffolk; David Helvarg tells us of a stirring seaside memory from his childhood. No matter what journey these writers take us on, the unifying theme of their work is always the same: a deep and abiding love of nature — inspired and shared by David Suzuki.
