Maureen McMichael

Handbook of Veterinary Emergency Protocols: Dog and Cat Maureen McMichael

This practical “cookbook” is designed to provide quick, accurate emergency medicine and critical care information to the student, technician or practitioner. The handbook provides the practicing emergency veterinarian with rapid access to brief but complete protocols on the most common emergencies encountered in a veterinary practice. The protocols covered in this title provide a set of clear, concise guidelines to streamline the treatment process of emergency medicine. The history, clinical signs, diagnostic recommendations, treatment and prognosis is listed each of 165 protocols featured in the book. The 15 step-by-step, illustrated techniques for common procedures, provides veterinarians with a convenient, easy to follow quick reference guide. Techniques for triage, stabilization and patient management are emphasized in this presentation. This book is set up in sections in alphabetical order and each disease entity within a section is also alphabetized. Tabs divide each section so that information can be accessed quickly and easily. Four wall charts covering CPR, cardiopulmonary resuscitation, and canine and feline drug dosages are included in this presentation. This handy, durable book that efficiently captures the information needed to properly manage the emergency patient, thus making it a valuable resource for veterinarians and technicians.

Published by Teton New Media in the USA and distributed by Manson Publishing outside of North America.
