Head First Object-Oriented Analysis and Design

David West, Brett McLaughlin, Gary Pollice

Head First Object-Oriented Analysis and Design David West, Brett McLaughlin, Gary Pollice

"Head First Object Oriented Analysis and Design is a refreshing look at subject of OOAD. What sets this book apart is its focus on learning. The authors have made the content of OOAD accessible, usable for the practitioner."

Ivar Jacobson, Ivar Jacobson Consulting

"I just finished reading HF OOA&D and I loved it! The thing I liked most about this book was its focus on why we do OOA&D-to write great software!"

Kyle Brown, Distinguished Engineer, IBM

"Hidden behind the funny pictures and crazy fonts is a serious, intelligent, extremely well-crafted presentation of OO Analysis and Design. As I read the book, I felt like I was looking over the shoulder of an expert designer who was explaining to me what issues were important at each step, and why."

Edward Sciore, Associate Professor, Computer Science Department, Boston College

Tired of reading Object Oriented Analysis and Design books that only makes sense after you're an expert? You've heard OOA&D can help you write great software every time-software that makes your boss happy, your customers satisfied and gives you more time to do what makes you happy.

But how?

Head First Object-Oriented Analysis & Design shows you how to analyze, design, and write serious object-oriented software: software that's easy to reuse, maintain, and extend; software that doesn't hurt your head; software that lets you add new features without breaking the old ones. Inside you will learn how to:

- Use OO principles like encapsulation and delegation to build applications that are flexible
- Apply the Open-Closed Principle (OCP) and the Single Responsibility Principle (SRP) to promote reuse of your code

- Leverage the power of design patterns to solve your problems more efficiently
- Use UML, use cases, and diagrams to ensure that all stakeholders are communicating clearly to help you deliver the right software that meets everyone's needs.

By exploiting how your brain works, *Head First Object-Oriented Analysis & Design* compresses the time it takes to learn and retain complex information. Expect to have fun, expect to learn, expect to be writing great software consistently by the time you're finished reading this!

From reader reviews:

Edna Kopec:

Now a day people who Living in the era exactly where everything reachable by match the internet and the resources inside it can be true or not involve people to be aware of each information they get. How a lot more to be smart in getting any information nowadays? Of course the reply is reading a book. Examining a book can help individuals out of this uncertainty Information specifically this Head First Object-Oriented Analysis and Design book because book offers you rich information and knowledge. Of course the knowledge in this book hundred per cent guarantees there is no doubt in it everybody knows.

Shellie Toy:

In this time globalization it is important to someone to obtain information. The information will make you to definitely understand the condition of the world. The condition of the world makes the information simpler to share. You can find a lot of personal references to get information example: internet, classifieds, book, and soon. You can see that now, a lot of publisher that print many kinds of book. The particular book that recommended for your requirements is Head First Object-Oriented Analysis and Design this book consist a lot of the information with the condition of this world now. This kind of book was represented how do the world has grown up. The terminology styles that writer use to explain it is easy to understand. The actual writer made some investigation when he makes this book. That's why this book suitable all of you.

Vera Gates:

Don't be worry when you are afraid that this book will probably filled the space in your house, you will get it in e-book approach, more simple and reachable. That Head First Object-Oriented Analysis and Design can give you a lot of friends because by you investigating this one book you have issue that they don't and make you actually more like an interesting person. That book can be one of a step for you to get success. This reserve offer you information that might be your friend doesn't understand, by knowing more than other make you to be great men and women. So , why hesitate? Let's have Head First Object-Oriented Analysis and Design.

Edward Cooley:

A lot of publication has printed but it is different. You can get it by online on social media. You can choose the very best book for you, science, comic, novel, or whatever through searching from it. It is called of book Head First Object-Oriented Analysis and Design. You can add your knowledge by it. Without departing the printed book, it might add your knowledge and make a person happier to read. It is most crucial that, you must aware about publication. It can bring you from one spot to other place.
