Martin Filler

La arquitectura moderna y sus creadores (Trayectos) (Spanish Edition) Martin Filler

«Con mucho el texto más inteligente y agudo escrito sobre arquitectura de los últimos años.» Robert Hughes, crítico de *The New York Review of Books*

«Ser aceptado no lo es todo.» Frank Gehry

«Y sin embargo, si uno es arquitecto, acepta el reto.» Renzo Piano

En este libro Martin Filler ha recopilado y ampliado una serie de artículos publicados en *The New York Review of Books* en torno no solo a los mejores arquitectos del siglo XX y principios del XXI, sino a los más influyentes, aunque algunos de ellos no hayan favorecido precisamente «la causa de la arquitectura moderna en su vertiente más intelectualmente elevada y humanamente sensible».

Atento siempre a la función social de la arquitectura, a su sentido cívico e histórico, Filler repasa con una mirada crítica y nada acomodaticia las principales corrientes de los últimos 125 años, analizando sus hallazgos y sus oportunidades perdidas (la reconstrucción de Berlín después de la reunificación de Alemania o el proyecto de la Zona Cero).

De Louis Sullivan, el padre del rascacielos, a Santiago Calatrava, destacado exponente de la «arquitectura espectáculo», *La arquitectura moderna y sus creadores* ofrece agudas semblanzas de veinte arquitectos, entre ellos Frank Lloyd Wright, Mies van der Rohe, Le Corbusier, Charles y Ray Eames, Philip Johnson, Frank Gehry y Norman Foster. Vidas intensas, ejemplares, «arquetípicas», en las que muchas veces los elementos del mito se mezclan con los de la farsa.
