Many books teach the "who / what / where / why / how" of professional networking. *Truth or Delusion* separates the reality from the fantasy by presenting Truths and Delusions about networking and then shows why they are either real or fakes. For example: **Delusion:** The best way to ensure referral success is to treat your referral sources by the "Golden Rule." Treat them the way you would want to be treated. **Truth:** The best way is to treat your referral sources the way THEY want to be treated. The referral process is more about emotion than facts.
