After her last politically minded suitor left her heartbroken and pregnant, Rowena has sworn off the Capitol Hill dating pool. But even she isn't immune to Colin Middlebury's British charms, and his skills extend beyond the political arena.

As a diplomat, Colin has dealt with a lot of demands, but none like Senator Tate's warning to stay away from his beautiful daughter. Colin needs the senator's support, but resistance is futile where Rowena is concerned. What harm could there be in getting to know her a little better? International relations are about to become quite...intimate.
