Are you tired of being lied to? Are you tired of being made to look like a fool in both your personal and professional life?

Using the tips, tricks and techniques laid out in this book, you can become a human lie detector, able to sense when those around you are lying. This book teaches you how to tell when you're being lied to by reading body language and listening for specific speech patterns.

Some of the topics covered include:

- Why a polygraph test isn't a good option for lie detection,
- How to read body language, including sections on how to read a person's feet, legs, hips, torso, arms, hands, head and neck to tell if they're lying.
- How to read facial expressions and eye movements.
- Verbal clues to look for when you suspect you're being lied to.
- Questions you need to ask yourself if you suspect you're being lied to.
- Two tricks you can use to easily tell when people are lying.
- How to expose a liar once you're sure they're lying.
- The various types of liars you may come across.
- The common mistake most people make in relationships which allows them to be lied to time and time again.
- How to protect yourself from lying salespeople.

If you're sick and tired of falling for lies, it's high time you learn how to tell when people are lying.
