The Woman Who Fell from Grace (The Stewart Hoag Mysteries) David Handler
A sequel to a fifty-year-old book puts Hoagy on the scent of a long-cold murder case

Few American novels are as beloved as Alma Glaze's Revolutionary War epic, *Oh, Shenandoah*. Although Glaze died before she could write a sequel, she left behind an outline for one, along with instructions that it not be written until fifty years after her death. The deadline has passed, and the American public clamors for the long-promised *Sweet Land of Liberty*. Only one thing stands in its way: Glaze's heirs.

Her daughter, socialite Mavis Glaze, is writing the novel under guidance from her mother, who she claims has been appearing in her dreams. As Mavis's writing spirals farther into madness, her brothers hire Stewart Hoag, a ghostwriter famous for dealing with troublesome celebrities. When he arrives at the family's Virginia manor, he finds that Alma's is not the only unsettled spirit. Blood was spilt for *Oh, Shenandoah*, and more will die before the sequel hits the bestseller list.
