Philosophy and the Law of Torts (Cambridge Studies in Philosophy and Law)

Philosophy and the Law of Torts (Cambridge Studies in Philosophy and Law)

When accidents occur and people suffer injuries, who ought to bear the loss? Tort law offers a complex set of rules to answer this question, but up to now philosophers have offered little by way of analysis of these rules. In eight essays commissioned for this volume, leading legal theorists examine the philosophical foundations of tort law. Amongst the questions they address are the following: how are the notions at the core of tort practice (such as responsibility, fault, negligence, due care, and duty to repair) to be understood? Is an explanation based on a conception of justice feasible? How are concerns of distributive and corrective justice related? What amounts to an adequate explanation of tort law? This collection will be of interest to professionals and advanced students working in philosophy of law, social theory, political theory, and law, as well as anyone seeking a better understanding of tort law.

Athena Thornton:

This Philosophy and the Law of Torts (Cambridge Studies in Philosophy and Law) is great reserve for you because the content which can be full of information for you who else always deal with world and have to make decision every minute. This book reveal it facts accurately using great plan word or we can state no rambling sentences inside. So if you are read the idea hurriedly you can have whole info in it. Doesn't mean it only offers you straight forward sentences but hard core information with wonderful delivering sentences. Having Philosophy and the Law of Torts (Cambridge Studies in Philosophy and Law) in your hand like finding the world in your arm, details in it is not ridiculous one particular. We can say that no e-book that offer you world in ten or fifteen tiny right but this book already do that. So , this really is good reading book. Hello Mr. and Mrs. active do you still doubt that will?

Charles Wagoner:

As a college student exactly feel bored to be able to reading. If their teacher asked them to go to the library in order to make summary for some book, they are complained. Just tiny students that has reading's spirit or real their interest. They just do what the trainer want, like asked to go to the library. They go to generally there but nothing reading really. Any students feel that reading is not important, boring and also can't see

colorful photographs on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this Philosophy and the Law of Torts (Cambridge Studies in Philosophy and Law) can make you truly feel more interested to read.
