Phthor Piers Anthony

Phthor is the sequel to *Chthon*, less intricately structured and less complicated in plot, but still quite dark and ugly in theme and detail. Rather than flashbacks and flash-forwards, it has a *Y* outline, with the stem the initial story and the ends alternate futures, neither of which is acceptable to Aton's son Arlo. Arlo has his own encounter with a Minionette, and naturally, destruction is upon him and all with whom he associates. Writer and editor Charles Platt was so impressed with the chthonic setting that he wrote two additional sequels, *Plasm* and *Soma*, which are even darker and grimmer.
