Opening to Your Intuition and Psychic Sensitivity: Developing Your Sixth Sense - Book Two (Volume 2) Elizabeth Joyce

Over the past thirty years or so I have been blessed to open up to my Inner Self of intuition and inner guidance, which has been an invaluable and priceless gift. There have been many earthly teachers guiding me along the way, beginning with Grammie Hemphill, Meg Stettner, Indira Ivie, Louise Hay, Dr. Frank Alper, Dr. Deepak Chopra, Mark Tremblay, Dr. Joseph Schor, and the living Saint, Ammachi. However, my inner angels and guides have been a lively and actively sharing part of this incarnation as well. Mankind has always believed in unseen intelligence inhabiting an invisible world, of lives and existences within the other realms. The Holy Books of many religious beliefs support these ideas and inform their followers that such a spiritual existence vibrates in close proximity to our own world. According to Biblical tradition, Angels stand by, ready to guide, support, and defend mankind against dangers of life on the earth plane. In addition, Angels have charge of the dead. Spiritual and physical interaction between men, women, and what has recently been described as Light Beings, has become a Universal experience. Such entities have manifested in all times and in all places. There appears to be no important religious connection with these experiences. The manifestations of invisible images throughout the world tell us that we are a part of a Universe more complex than we realize or acknowledge. I have designed three levels of classes for others to learn how to open up their minds, hearts, and inner self to experience the wonders of what is called the other side. I recognize the argument that angels and messengers are but projections of one's own Blessed Higher Self, but I would suggest that Angelic and Higher Master's intelligence often utilize both the Higher Self and the collective mass unconscious intelligence in order to impart answers, or facilitate a more effective communication with our troubled and ever-seeking species. In the past, these spiritual energies have not been available to all, but only to the chosen few. Now, the time has arrived for everyone to become aware of this connection and reap the rewards by using this higher energy in their daily and spiritual lives. Book II of my intuitive awareness classes leads you forward by teaching the secrets of opening up to your Blessed Higher Self as well as the Angelic and Spiritual forces that be. In these pages we will look at the higher energies. Book One introduced us to Metaphysics, the invisible energies and their initial use. Book Two brings in the ways to work with these energies, once you have built your body and spiritual strength up to be able to work with these forces safely. You will work with the basics of Astrology, past, present, and future lives, setting a condition, creating a positive outcome, learn how to manifest as well as receive messages and direction from your guides, angels, and Masters from the other side. There are many benefits of talking to our departed on the Other Side, while sitting at a Séance. The writing of this book is motivated by many people who have asked me how to build up and strengthen their intuition and live a peaceful existence, free from fear. Each chapter has a description and checklist of how best to access the energies described within. What strategies, meditations, prayers, and exercises one can use to tap into the higher realms, receive news from their departed loved ones, or to understand their emotional pain and experiences on this planet, is explained. We can always bring love to any situation and work from a love based center instead of worries, doom, gloom, the ego, or fear. You will gain the knowledge and awareness of how the cycle of life works, and be able to continue on your personal path, while maintaining good physical, mental-emotional, and spiritual health.
