The Practice of Harmony (5th Edition)

Peter Spencer D.M.A.

The Practice of Harmony (5th Edition) Peter Spencer D.M.A.

With an emphasis on *learning and understanding by doing*, this workbook takes learners from music fundamentals through harmony in common practice to some of the more important harmonic procedures of the 20th century. The approach is “additive” throughout, allowing readers to use what was learned in one chapter to help comprehension of the materials in the next. A four-part organization covers foundations, the diatonic vocabulary, the chromatic vocabulary, and post-common practice harmony. For anyone looking for an easy-to-use book—and an understanding of—music theory.
