## **Pocket Dictionary of Ethics: Over 300 Terms & Ideas Clearly & Concisely Defined (The IVP Pocket Reference Series)** Stanley J. Grenz, Jay T. Smith

Ethics is as old as the city-state and as new as cyberspace. Guided by the wagon tracks of moral tradition, it nevertheless rides the cutting edge of science and technology. Increasingly it is moving into the corner offices of law, business, medicine, science and technology.

But few of us arrive in our first ethics class--or take our seat on an ethics committee--with a grip on the range of ideas and thinkers, perspectives and pitfalls that make up this ancient conversation about what is good and right and moral. We may feel like college math students who slipped through high school without learning algebra.

*The Pocket Dictionary of Ethics* is a convenient boost to help you catch up.

Among the 300 definitions provided by Stanley J. Grenz and Jay T. Smith are

- terms, from *altruism* to *virtue*
- issues, from animal rights to war
- ethicists, from Saint Augustine to Peter Singer
- perspectives, from Aristotelianism to utilitarianism
- marketplace specialties, from advertising to technological ethics

Not only does this brief and convenient reference book take you where your desktop dictionary was not designed to go, it doubles as your basic A-to-Z survey or refresher course in ethics.
