Rural Community Studies in Europe presents a study of village societies of the different regions of Europe and their importance to the economic and social life of nations.

The book seeks to describe and analyze the local economic and social systems, traditions, power structures, and other aspects of European rural communities, specifically in the countries of Great Britain, Ireland, Poland, Turkey, Romania, France, and Spain. The book is divided into four parts: a historical review of the main trends and developments of rural community studies; an annotated bibliography; analytical summaries; and a location map.

Sociologists, economists, ethnologists, political scientists, and students in allied fields will find the book a good reference material.
