Lucy Winters' parents have always been there for her. Loving, gentle and kind they have given her everything she could have wished for. Now, estranged from her husband, she has moved to the country to take over their thriving auction business. The moment she begins to prepare for her first sale she knows she's made the right decision. And she dares to hope that at last she is living the life she has always dreamed of.

But then, quite suddenly, her world is thrown into turmoil. She discovers a shocking truth, one that forces her to question everything she has ever known. And it becomes frighteningly possible that the very people who should have protected her are the ones who have betrayed her in the most devastating of ways. Can she ever forgive them? Can they ever forgive themselves...?
